Dear Colonel Pregent:

Thank you for your time today and your offer to look into this complaint.

I respectfully request the U.S Army to initiate a FBI investigation into the actions of Mr. Robert Machen (VSB:20287) a former Lt Colonel of the U.S Army and currently a attorney practicing in the Commonwealth of Virginia.

Mr. Machen has deliberately undermined the resources of the U.S Army, FBI, DoD by committing fraud upon U.S Federal & State Government and fraud upon the court through falsification of evidence, document fraud and fraudulent statements.

I have personally been severely harmed by his malicious actions.

Fraud has also been committed by misleading State and Federal Agencies including the FBI, The U.S Army, Defense Intelligence Agency, The Counterintelligence division, defense contractor Northrop Grumman.

The alleged offenses are:

1. Misleading and undermining the resources of State and Federal Agencies for personal gains.

Deliberate abuse and misuse of the U.S Patriot act and other violations including

- (a) Title 18, United States Code ,Section 1001(Misleading a Federal Agency).
- (b) For a violation of Title 18, United States Code, Section 241 (Conspiracy against rights),
- ( c) For a violation of Title 18, United States Code, Section 1343/1346 (Deprivation of Right to Honest Services/Document Fraud) and abuse of US

Patriot Act, 18 U.S.C 1030 (2001).

- 2) Perjury (a felony under 18USC§1621 and under §18.2-434 of Virginia Code).
- 3) Fraud on the Court (a felony under 18USC§1001).
- 4) Conspiracy to defraud the United States (a felony under 18USC§371).
- 5) Deliberately misleading through giving conflicting testimony on separate occasions as to the same matter (a felony §18.2-435 of Virginia Code).
- 6) Combination to injure others in their reputation, business or professional ( a misdemeanor under §18.2-499 of Virginia Code).

Deliberately misleading State and Federal Agencies pursuant to this complaint began in the Fall of 2002 with the initiation of a fabricated allegation with the FBI on or about September, 2002 and carried through October of 2003 and on going currently with various false allegations including a fabricated letter with my signature forged and sent to the Homeland Security Department (former Immigration and Naturalization Service), falsification of affidavit, perjuring and coercively persuading his client to file complaints with the FBI on a scam investigation.

This abuse did not stop with the FBI. Mr. Machen went on to engage private defense companies who were contracting with me including Northrop Grumman a Defense Contracting Company whose chief of Security Mr. William Tate and Mr. Craig Mogus were sent extremely inflatory subpoena designed to disrupt and undermine my reputation with those companies.

On that date and since then in the J&DR Court and later in the Circuit Court in Fairfax hearings Mr. Machen committed perjury or otherwise engaged in fraud, misconduct and stated:

Perjured himself in the court stating that he could not disclose documents that the Federal Bureau of Investigations ordered him not to be disclosed which I have later learned from the FBI were false.

3. Falsified a affidavit presented to the Department of Justice and the FBI by predating a notarized signature to water down the evidence of a fax that was discovered addressed to MACHEN about conspiracy to file a complaint with the FBI for advantages in a litigation.

4. Perjured himself stating that the Federal Bureau of Investigation

had instructed him that upon a court order he could release the affidavit.

The FBI did not instruct Mr. Machen.

5. Further proof of fabrication of evidence – A Facsimile letter received by Mr. Machen dated September, 2002 states that Mr. Jagannathan's green card may be revoked if there was a investigation of any complaint by the FBI.

6. Perjured himself and his client to mislead a Federal Agency through false statements, affidavits, and documents.

7. A private investigation revealed that Mr. Machen has had a history of falsifications, He has had district committee sanctions against him, The Virginia State Bar had suspended his license for falsifying documents previously, He has had other sanctions brought against him by the Bar.

8. Three Judges appointed by the Chief Justice of the Supreme Court of Virginia, Honorable Judge Thomas D. Thorne, Judge Dickson L. Foster, Judge Robert K. Woltz had found by clear and convincing evidence that Mr. Machen engaged in conduct for personal advantage, involving deceit that reflects adversely on his fitness to practice law and found him guilty under DR1-102 (A)(4) of code of professional responsibility.

9. The Organization – Citizen for Legal Reform reports Mr. Machen has engaged in conduct which tends to undermine the administration of justice and to bring legal businesses into disrepute.

Colonel Pregent, I am a lawfully admitted resident living in the U.S. for the last fifteen years. I have served the Department of Defense to further the security of the United States. My contributions as a systems Engineer to the United States Department of Defense and in particular the PERMS ( Personnel Electronic Record Management System ) were highly appreciated by the Army, The Navy and the Marines who recommended me for an accelerated United States Citizenship. I currently work at the Pentagon as a consultant.

I would like to see a process in place where I and others like me similarly placed would be able to seek relief and justice against malicious prosecution by unethical and immoral army personnel like Robert Machen.

These individuals are abusing and undermining the honor and high standards that the U.S Army has set for itself, they are also undermining the U.S Patriot act,

executive orders, undermining the very security of our country and the well being of individuals who server the U. S Department of Defense.

I seek the help of the U.S Army for justice against malicious and vindictive persecution by Mr. Machen.

Will you direct your department to help me?

I look forward to hearing from you.

Sincerely yours,

Ron Jagannathan
